  - iii. Jacob Vazquez – Can we postpone to the spring to help students get to visit a university? Can we combine CAL and Fall Leadership and have it in spring?
  - iv. James Selgrath – One conference at the CC and one at the University in the same area.
  - v. Troy Gravatt – Prefers to keep leadership conference in the fall.
  - vi. Could we do an online conference with great guest speakers, discussion panels, etc. in the fall? Students can meet university faculty, industry partners, etc.?
  - vii. Shannon Spears – In favor of virtual fall conference.
  - viii. Andrew Ornelas – Online for fall and use spring CAL Competition to also include industry tour with nearby university.

# *Student Leadership Committee*

- ix. Ryan Amaral – Can all universities give a tour using the online format?
- x. Jennifer Charles-Tollerup – Teach skills to students during fall conference.
- xi. Troy – Each university can do a virtual tour and the 4-year leadership team can teach a skill.
- xii. Troy – If we are online for the CAL Comp, we should have colleges take one contest each to help alleviate the heavy lift of the host college.
- xiii. Russell McKeith – Limit the number of entries per school per contest? This makes it difficult for the college host when one contest is overloaded or schools don't pre-enter contests. Need to have something in place to enforce registration.
- xiv. We need to have hard numbers from each school. Names may not be necessary...substation is fine, overage is not.
- xv. Regional Directors – Will reach out to the universities to start preparation for fall leadership conference, tour and workshop.
- xvi. Date for fall conference: late October, early November?
- xvii. Regional Directors to set up industry tours, talks, etc.
