Pleasant Grove High School
9531 Bond Road
Elk Grove, CA 95624

REGISTER NOW!

Deadline to Register: July 20, 2015

<http://bit.ly/1BDwC32>

At this UCCI Teacher Exchange, attendees will:

- ❖ **Receive** a complete set of materials for implementing the first unit of each course
- ❖ **Work** directly with a UCCI Teacher Exchange Leader to test out projects in the course
- ❖ **Collaborate** with colleagues to develop course curriculum beyond the first unit

**All materials created at the Exchange will be shared on the UCCI website and made available as resources for others interested in learning about the course.*

For more information visit <http://ucci.ucop.edu/ucci-exchange/index.html> or contact Katie Leslie at: Katherine.Leslie@ucop.edu

UCCI Courses

At the UCCI Institutes, held regionally and on-demand at locations around California, teachers work together to design UCCI courses - innovative and challenging courses integrating academic subjects such as English, history and mathematics with career technical education (CTE) content. At present, there are **57 courses** on the UCCI course catalog, all of which are available for any CA high school to teach. View the UCCI course list at <http://ucci.ucop.edu/integrated-courses/a-g-table.html>. More courses are being created at various UCCI Institutes held each year.

UCCI is an initiative of Student Affairs, Admissions (High School Articulation) at the UC Office of the President, with funding administered by the California Department of Education.

Event will focus on the following three UCCI Agriscience Courses:

- ❖ **Sustainable Agriculture – A Biological Approach to Industry Practices** (<http://bit.ly/uccisusag>)
- ❖ **Agriculture and Soil Chemistry** (<http://bit.ly/ucciagsoilchem>)
- ❖ **Agriscience Systems Management** (<http://bit.ly/ucciagsysgmt>)
